

## 2026-2027 Third Year Schedule

*John Atkinson*

### First Semester

| Date               | Class # | Course                                        | Lesson        | Due Date           |
|--------------------|---------|-----------------------------------------------|---------------|--------------------|
|                    |         |                                               |               | Due 5 PM           |
| September          |         |                                               |               |                    |
| September 10, 2026 | 1       | Instrumentation Introduction                  | 1, 2, 3, 4    | September 13, 2026 |
| September 15, 2026 | 2       | Instrumentation Introduction                  | 5, 6, 7, 8    | September 20, 2026 |
| September 17, 2026 | 3       | Instrumentation Introduction                  | 9, 10, 11, 12 | September 20, 2026 |
| September 22, 2026 | 4       | Instrumentation Introduction Test             | Exam 1        |                    |
| September 24, 2026 | 5       | Instrumentation Introducation - Module 2      | 1, 2, 3       | September 27, 2026 |
| September 29, 2026 | 6       | Instrumentation Introducation - Module 2      | 4             | October 4, 2026    |
| October            |         |                                               |               |                    |
| October 1, 2026    | 7       | Instrumentation Introducation - Module 2      | 5             | October 4, 2026    |
| October 6, 2026    | 8       | Instrumentation Introducation - Module 2      | 6             | October 11, 2026   |
| October 8, 2026    | 9       | Instrumentation Introducation - Module 2      | 7             | October 11, 2026   |
| October 13, 2026   | 10      | Instrumentation Introducation - Module 2      | 8             | October 18, 2026   |
| October 15, 2026   | 11      | Instrumentation Introducation - Module 2      | 9             | October 18, 2026   |
| October 20, 2026   | 12      | Instrumentation Introducation - Module 2      | 10            | October 25, 2026   |
| October 22, 2026   | 13      | Instrumentation Introducation - Module 2      | 11            | October 25, 2026   |
| October 27, 2026   | 14      | Instrumentation Introducation - Module 2 Test | Exam 2        |                    |
| October 29, 2026   | 15      | Motors for Electricians                       | 1             | November 1, 2026   |
| November           |         |                                               |               |                    |
| November 3, 2026   | 16      | Motors for Electricians                       | 2, 3          | November 8, 2026   |
| November 5, 2026   | 17      | Motors for Electricians                       | 4             | November 8, 2026   |
| November 10, 2026  | 18      | Motors for Electricians                       | 5             | November 15, 2026  |
| November 12, 2026  | 19      | Motors for Electricians                       | 6             | November 15, 2026  |
| November 17, 2026  | 20      | Motors for Electricians                       | 7             | November 22, 2026  |
| November 19, 2026  | 21      | Motors for Electricians                       | 8             | November 22, 2026  |
| November 24, 2026  |         | Thanksgiving Week Break                       |               |                    |
| November 26, 2026  |         | Thanksgiving Week Break                       |               |                    |
| December           |         |                                               |               |                    |
| December 1, 2026   | 22      | Motors for Electricians                       | 9, 10         | December 6, 2026   |
| December 3, 2026   | 23      | Motors for Electricians                       | 11            | December 6, 2026   |
| December 8, 2026   | 24      | Motors for Electricians Test                  | Exam 3        |                    |
| December 10, 2026  | 25      | Motor Code Calculations                       | 1, 2          | December 11, 2026  |
| December 15, 2026  | 26      | Motor Code Calculations                       | 3             | December 20, 2026  |
| December 17, 2026  | 27      | Motor Code Calculations                       | 4             | December 20, 2026  |
| December 22, 2026  |         | Winter Break Begins                           |               |                    |

## 2026-2027 Third Year Schedule

*Jim Lynch*

### Second Semester

| Date              | Class # | Course                                          | Lesson         | Due Date          |
|-------------------|---------|-------------------------------------------------|----------------|-------------------|
|                   |         |                                                 | Due 5 PM       |                   |
| January           |         |                                                 |                |                   |
| January 5, 2027   | 28      | Motor Code Calculations                         | 5              | January 10, 2027  |
| January 7, 2027   | 29      | Motor Code Calculations                         | 6              | January 10, 2027  |
| January 12, 2027  | 30      | Motor Code Calculations                         | 7              | January 17, 2027  |
| January 14, 2027  | 31      | Motor Code Calculations                         | 8              | January 17, 2027  |
| January 19, 2027  | 32      | Motor Code Calculations Test                    | Exam 4         |                   |
| January 20, 2027  |         | Classes swap to Jim Lynch Monday and Wednesdays |                |                   |
| January 20, 2027  | 33      | Meet and Greet / Fire Alarm Systems             | 1, 2           | January 24, 2027  |
| January 25, 2027  | 34      | Fire Alarm Systems                              | 3, 4, 5        | January 26, 2027  |
| January 27, 2027  | 35      | Fire Alarm Systems                              | 6, 7, 8        | January 26, 2027  |
| February          |         |                                                 |                |                   |
| February 1, 2027  | 36      | Fire Alarm Systems                              | 9, 10, 11      | February 2, 2027  |
| February 3, 2027  | 37      | Fire Alarm Systems                              | 12, 13, 14     | February 2, 2027  |
| February 8, 2027  | 38      | Fire Alarm Systems Test                         | Exam 7         |                   |
| February 10, 2027 | 39      | Fire Alarm Systems                              | Lab            |                   |
| February 15, 2027 | 40      | Fire Alarm Systems                              | Lab            |                   |
| February 17, 2027 | 41      | Fire Alarm Systems                              | Lab            |                   |
| February 22, 2027 | 42      | Fire Alarm Systems                              | Lab            |                   |
| February 24, 2027 | 43      | Applied Grounding and Bonding                   | 1, 2, 3        | February 23, 2027 |
| March             |         |                                                 |                |                   |
| March 1, 2027     | 44      | Applied Grounding and Bonding                   | 4, 5, 6        | March 2, 2027     |
| March 3, 2027     | 45      | Applied Grounding and Bonding                   | 7, 8, 9        | March 2, 2027     |
| March 8, 2027     | 46      | Applied Grounding and Bonding                   | 10, 11, 12     | March 9, 2027     |
| March 10, 2027    | 47      | Applied Grounding and Bonding                   | 13, 14, Review | March 9, 2027     |
| March 15, 2027    | 48      | Applied Grounding and Bonding Test              | Exam 8         |                   |
| March 17, 2027    | 49      | Lightning Protection Level 1                    | 1, 2, 3        | March 16, 2027    |
| March 22, 2027    | 50      | Lightning Protection Level 1                    | 4, 5           | March 23, 2027    |
| March 24, 2027    | 51      | Lightning Protection Level 1                    | 6, 7, Review   | March 23, 2027    |
| March 29, 2027    | 52      | Lightning Protection Level 1 Test               | Exam 9         |                   |
| March 31, 2027    | 53      | Rigging for the Electrical Industry             | 1, 2, 3, 4     | March 30, 2027    |
| April             |         |                                                 |                |                   |
| April 5, 2027     | 54      | Rigging for the Electrical Industry             | 5, 6, 7, 8     | April 6, 2027     |
| April 7, 2027     | 55      | Rigging for the Electrical Industry             | 9, 10, 11, 12  | April 6, 2027     |
| April 12, 2027    | 56      | Rigging for the Electrical Industry             | 13, 14, Review | April 14, 2027    |
| April 14, 2027    | 57      | Rigging for the Electrical Industry Test        | Exam 10        |                   |
| April 19, 2027    | 58      | Rigging for the Electrical Industry Practical   | Sturgeon Lab   |                   |
| April 21, 2027    | 59      | Rigging for the Electrical Industry Practical   | Sturgeon Lab   |                   |
| April 26, 2027    | 60      | Rigging for the Electrical Industry Practical   | Sturgeon Lab   |                   |
| April 28, 2027    | 61      | Preparing for Leadership                        | 1, 2, 3        | April 27, 2027    |

| May          |    |                               |                 |             |
|--------------|----|-------------------------------|-----------------|-------------|
| May 3, 2027  | 62 | Preparing for Leadership      | 4, 5 6          | May 4, 2027 |
| May 5, 2027  | 63 | Preparing for Leadership      | 7, 8, 9, 10     | May 4, 2027 |
| May 10, 2027 | 64 | Preparing for Leadership Test | Review, Exam 11 |             |
| May 13, 2026 | 65 | Last Day at Union Hall        | Union Hall      |             |
